

Now there's one more reason to choose Canada's leading home inspection service.

AmeriSpec is proud to announce that we have partnered up with AMJ Campbell to give our customers a very special offer.

Moving just got a little more affordable for AmeriSpec customers. For both local and long-distance moves, you can take advantage of rebates and receive a discounted rate from AMJ Campbell, Canada's largest coast-to-coast mover. AmeriSpec of Canada is the only home inspection company in an exclusive partnership with AMJ Campbell.

How the program benefits homeowners.

Many of our customers are buyers and sellers who are planning to move into their next home. By partnering with AMJ Campbell, we're able to provide our customers with valuable discounts that help cut down on their moving costs. Customers who use AMJ Campbell can receive a \$50 discount for a 5-hour local move, a \$100 discount for a 10-hour local move and get 65% off when making a long-distance move. Our customers can save while they move, and get the excellent service they would expect of a quality moving company.

Why AMJ Campbell?

AmeriSpec has chosen to partner with AMJ Campbell because we feel they have the experience, resources and know-how that deliver the most benefits to our customers. We wanted our customers to feel that their belongings were in good hands, and to feel comfortable with the company that is helping them make a big life change. AMJ Campbell has 40 locations in Canada, so they are widely available to our customers across the country. They have been in this business since 1934, so they know it inside and out. During the move, they provide padded quilts to protect all the furniture, protective carpets for floors and stairs, new plastic covers for mattresses and wardrobe boxes for clothing. They come equipped with clean, well-maintained hydraulic suspension trucks, and they provide packing services, package deals for boxes and complete insurance. We're confident that our customers will be satisfied with all the benefits offered by AMJ Campbell.

How does it work?

Simply contact the AmeriSpec National Single Point of Contact, and they will help you register and answer any questions you might have about the rebate offers.
